I, the undersigned (name).....

as the legal representative of (name).....

(date and place of birth:.....

declare, I agree that after the brain death declaration, his organs and tissues can be donated for human transplantation purposes under the Hungarian legislation, Act CLIV of 1997 on Health, section 211:

*„If the deceased is under age and no opposition declaration can be found, the organ or tissue removal procedure may be initiated only after the written consent of the legal representative of the deceased has been obtained.”*

Dr. .... informed me about the organ donation with the greatest care and detail that can be expected from him, according to my needs. I had the opportunity to get informed orally, to ask questions, to which I received satisfactory answers in sufficient detail too. After all these, I had enough information and time to make an independent, responsible decision about my consent to organ donation.
